BEFORE THE WAR

The Central House of Culture was the main cultural and creative space of the city. Its exterior and interior decoration enchanted with its beauty. The auditorium with upholstered chairs was especially impressive.

The House of Culture was equipped with: an auditorium for 484 seats with a balcony and ground floor, foyer, dressing rooms, choreography hall, vocal and theater classes, office space.

In 2021 alone, despite the pandemic, the Central House of Culture hosted 60 events attended by more than 10,000 people. There were also 8 permanent arts and crafts teams with more than 150 participants.

Over the years, the Central House of Culture can be proud of hosting enchanting performances,

fantastic games and interesting performances for all generations of spectators.

AFTER THE RASHISTS INVASION

As a result of fierce fighting in the city of Irpin in March 2022, the Central House of Culture was severely damaged. Only the entrance group survived.

Today this place is gaining worldwide popularity. Against the background of the ruins of the House of Culture music videos of world-famous singer Ed Sheeran and the Ukrainian band «Antytila», winners of the song contest «Eurovision-2022» - the band «Kalush Orchestra», a live performance by famous Canadian pianist Darius Magintas were filmed.

The preliminary cost of the object is €15 000 000
