IRPIN 2023

AUGUST 9, 2022

THE OFFICIAL OPENING OF IRPIN RECOVERY FUND HAS TAKEN PLACE

Oleksandr MARKUSHYN

*Irpin City Mayor,
Co-founder of the «Irpin Recovery Fund»*

Irpin became a symbol of resistance and victory of good over evil. A year ago, together with the Chairman of the Investment Council of Irpin Volodymyr Karplyuk and People's Deputy of Ukraine Serhiy Taruta, we founded the Irpin Recovery Fund. We managed to do a lot during the year. This became possible thanks to the help of our friends, partners and the faith of Ukrainians in their country. On behalf of the community, I thank the Foundation's partners and team for their active work at the national level and real help in the restoration of the city.

Serhiy TARUTA

*Honorary President
of the «Irpin Recovery Fund»*

Together with international partners and businesses, we are working to restore Irpin and make it an example for the whole world. An example of how Ukrainians love their cities and country. I appeal to international donors to join the restoration of the Hero City of Irpin, which did not allow the enemy to enter the capital, defending the independence of Ukraine and Europe.

Volodymyr KARPLYUK

Head of the «Irpin Recovery Fund»

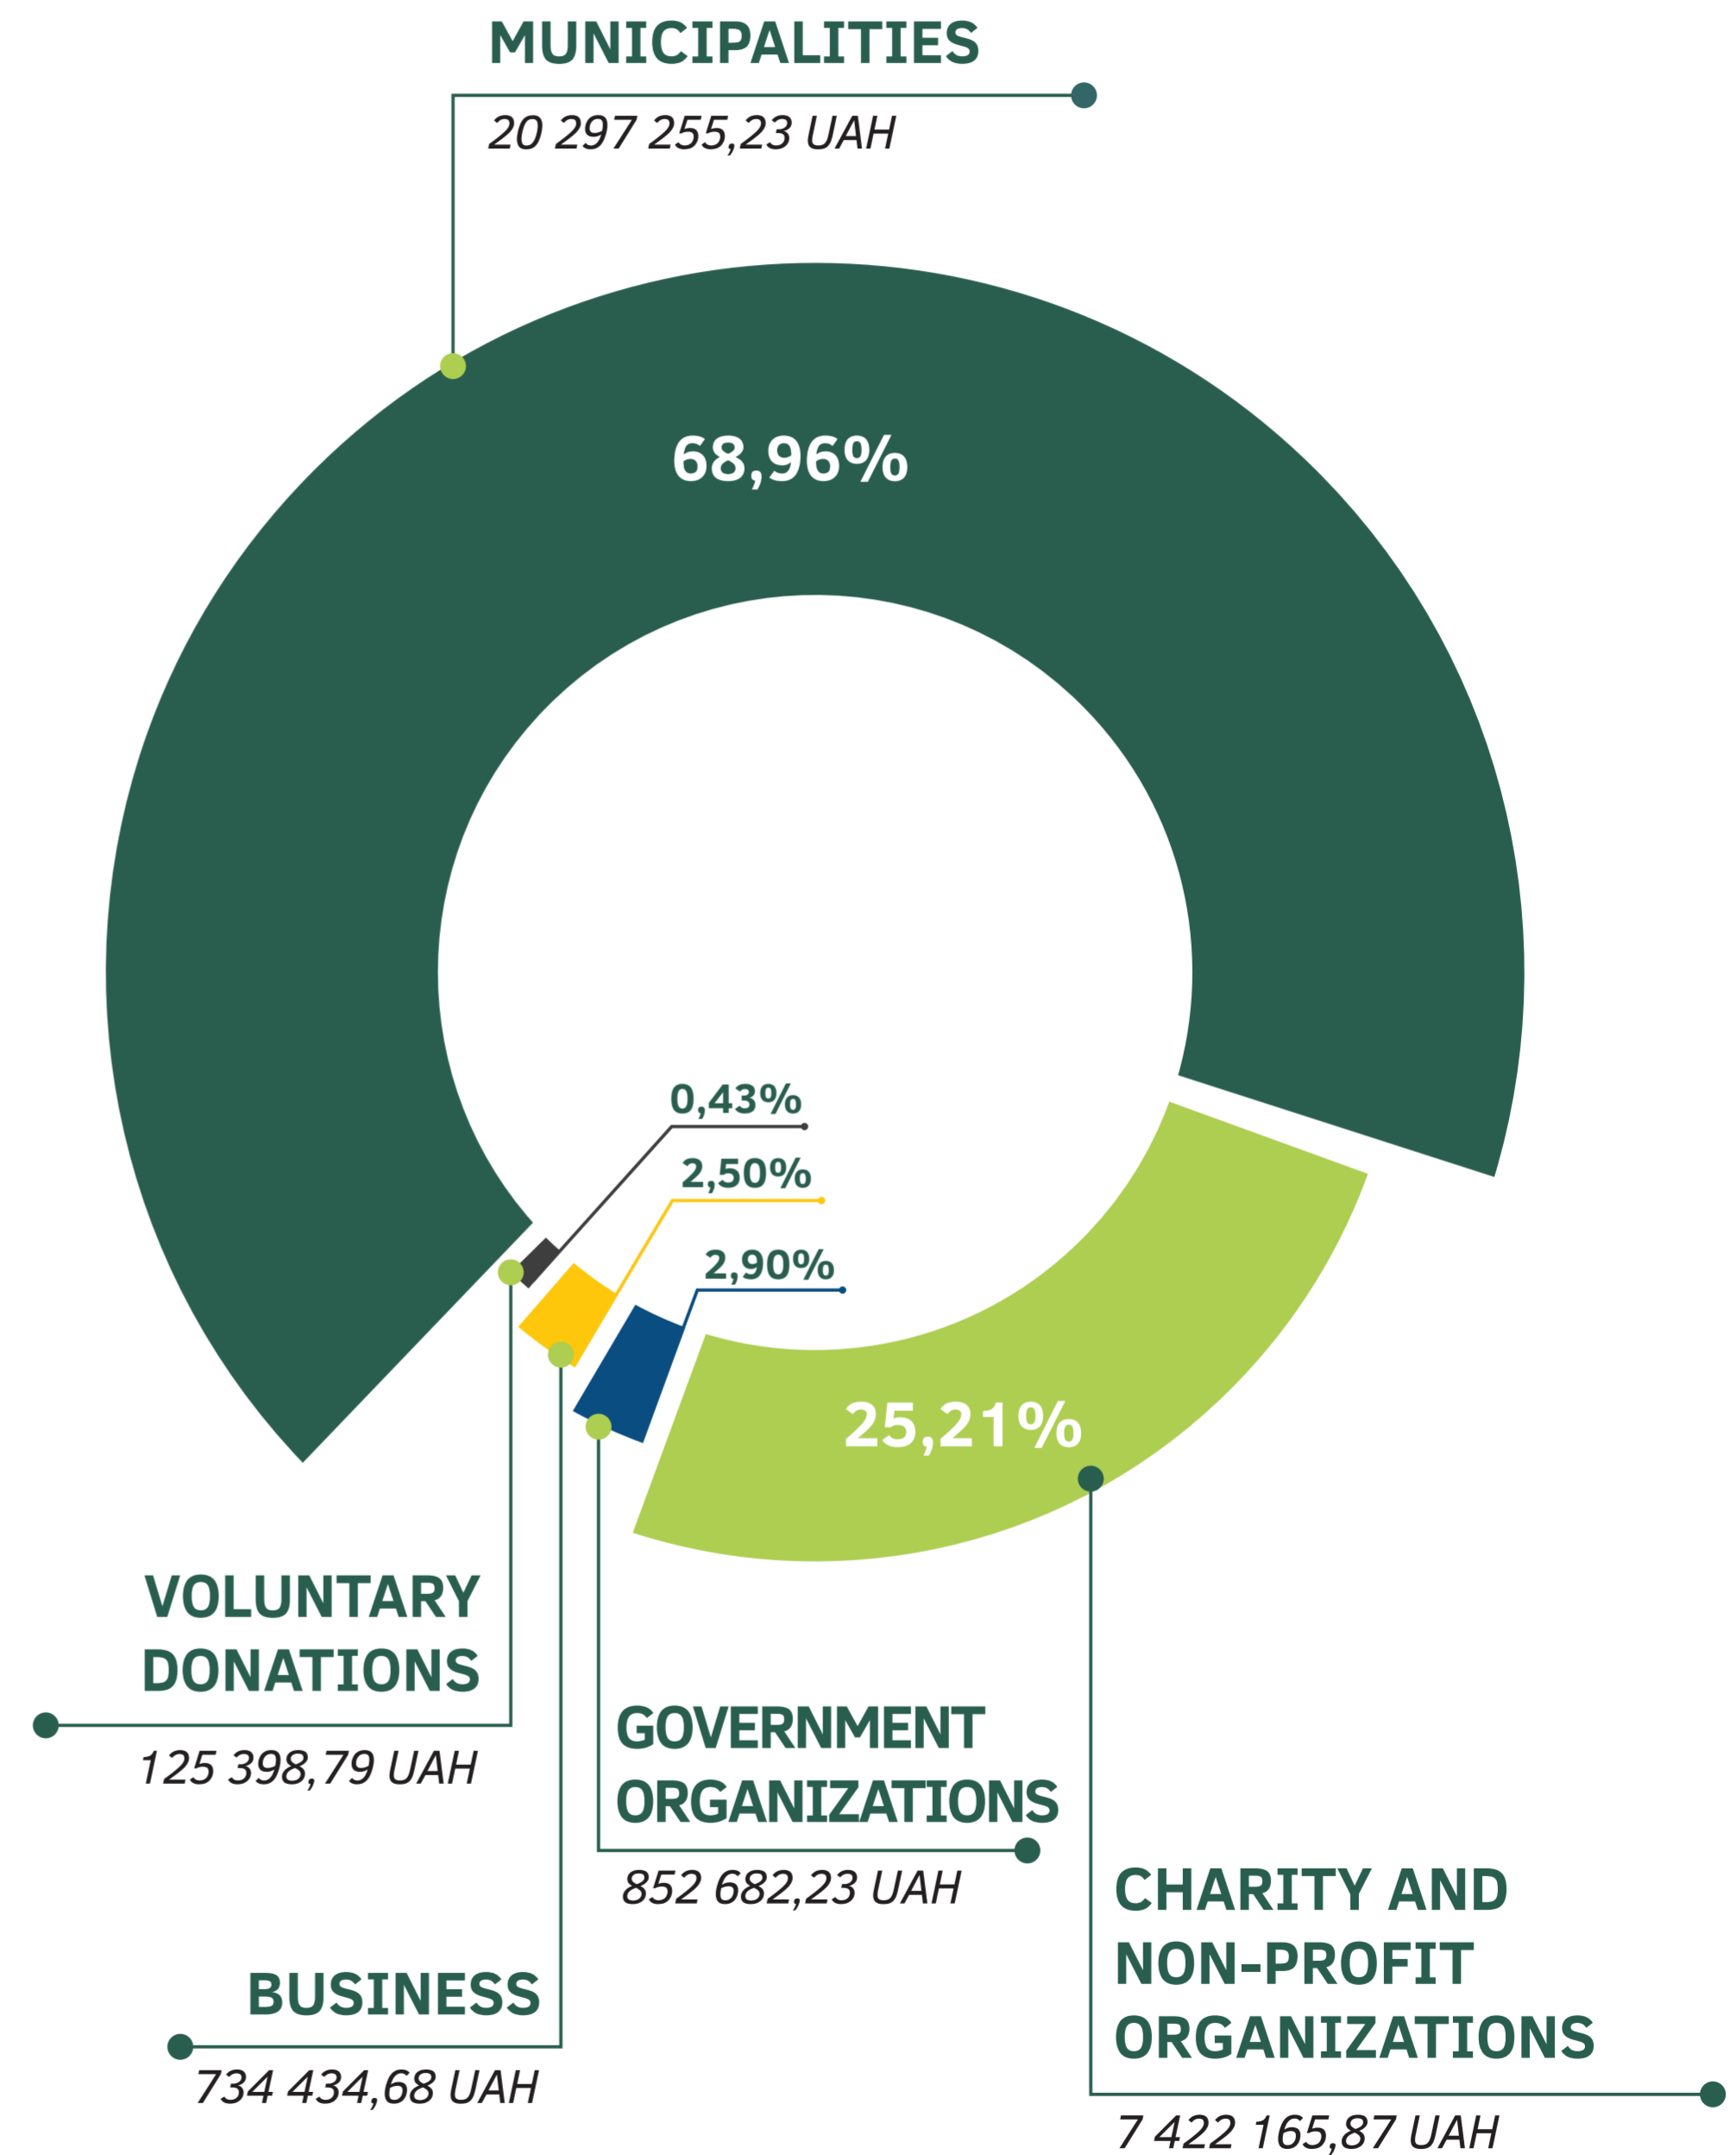

On behalf of the Irpin Recovery Fund, I express my gratitude to everyone who supported the restoration of the homes of the residents in the Irpin community. I urge you to continue to support the reconstruction of our city and invest in Irpin in order to return people to their homes and strengthen the country's economy. Today, Irpin is a symbol of indomitability and a symbol of Ukrainian revival and the future of the state.
